

## SECTION 1: IDENTIFICATION

|                                                         |                                                                                                                                                                                                                                                      |
|---------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product identifier used on the label                    | Natural Plastic                                                                                                                                                                                                                                      |
| Recommended use of the chemical and restrictions on use | Natural Plastic renews the vehicle's plastic surfaces such as panels, door sides and other internal plastics. Because it has UV protection, it increases the useful life of the plastic. The product has high coverage power and leaves a dry touch. |
| Manufactured by                                         | EVC INDUSTRIAL LTDA                                                                                                                                                                                                                                  |

## SECTION 2: HAZARD(S) IDENTIFICATION

## 2.1 Classification of mixture

This product is not hazardous as defined under OSHA 1900.1200

## 2.2 Appropriate labeling elements

No specific element or phrase on the label.

## 2.3 Other hazards that do not result in classification

Not available

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

## 3.1 Mixture

## Hazardous Ingredients or Impurities

| Common chemical name or technical name | CAS Registration Number | Concentration or range |
|----------------------------------------|-------------------------|------------------------|
| Water                                  | 7732-18-5               | 72.9% - 88.79%         |
| Silicone oil                           | 63148-62-9              | 10% - 20%              |
| Mixture of aliphatic hydrocarbons      | 64742-47-8              | 1% - 5%                |
| Morpholine                             | 110-91-8                | 0.1% - 1%              |
| Carbomer                               | 9003-01-4               | 0.1% - 1%              |
| Preservatives                          | 2634-33-5               | 0.01% - 0.1%           |

## SECTION 4: FIRST-AID MEASURE

## 4.1 Description of first aid measures

|              |               |
|--------------|---------------|
| Inhalation   | Not available |
| Skin contact | Not available |
| Eye contact  | Not available |
| Ingestion    | Not available |

## 4.2 Most important symptoms/effects, acute and delayed

Not available

## 4.3 Indication of any immediate medical attention and special treatment needed

Not available

**SECTION 5: FIRE-FIGHTING MEASURES****5.1 Extinguishing media**

Not available

**5.2 Special hazards arising from the substance or mixture**

Not available

**5.3 Special protective equipment and precautions for fire-fighters**

Not available

**SECTION 6: ACCIDENTAL RELEASE MEASURES****6.1 Personal precautions, protective equipment, and emergency procedures****6.1.1 For personnel who are not part of the emergency services**

Not available

**6.1.2 For emergency service personnel**

Not available

**6.2 Environmental precautions**

Not available

**6.3 Methods and materials for containment and cleaning up**

Not available

**SECTION 7: HANDLING AND STORAGE****7.1 Precautions for safe handling**

Not available

**7.2 Conditions for safe storage, including any incompatibilities**

Not available

**SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION****8.1 Control parameters**

Appropriate engineering controls

Not available

| Morpholine (110-91-8) |                                                |                    |                                                 |                                  |                                                |                                 |
|-----------------------|------------------------------------------------|--------------------|-------------------------------------------------|----------------------------------|------------------------------------------------|---------------------------------|

| Flammability (solid, gas)                    | Not available                                           |
| Upper/lower flammability or explosive limits | Not available                                           |
| Vapor pressure                               | Not available                                           |
| Vapor density                                | Not available                                           |
| Relative density                             | $\geq 0.98$ to $1 \text{ g/cm}^3$ to $25^\circ\text{C}$ |
| Solubility(ies)                              | Miscible in water                                       |
| Partition coefficient: n-octanol/water       | Not available                                           |
| Auto-ignition temperature                    | Not available                                           |
| Decomposition temperature                    | Not available                                           |
| Kinematic viscosity                          | Not available                                           |
| Dynamic viscosity                            | $\geq 60000$ to $100000 \text{ cP } 25^\circ\text{C}$   |
| Additional information                       | Not available                                           |

## SECTION 10: STABILITY AND REACTIVITY

|                                    |                                                                     |
|------------------------------------|---------------------------------------------------------------------|
| Reactivity                         | Not available                                                       |
| Chemical stability                 | The product is chemically stable under standard ambient conditions. |
| Possibility of hazardous reactions | Not available                                                       |
| Conditions to avoid                | High temperatures.                                                  |
| Incompatible materials             | Not available                                                       |
| Hazardous decomposition products   | No known hazardous products of decomposition                        |

## SECTION 11: TOXICOLOGICAL INFORMATION

|                                                  |                                                              |
|--------------------------------------------------|--------------------------------------------------------------|
| Acute Toxicity                                   | Not available                                                |
| Skin corrosion/irritation                        | It causes moderate skin irritation with redness and dryness. |
| Serious eye damage/eye irritation                | Not available                                                |
| Respiratory or skin sensitization                | Not available                                                |
| Germ cell mutagenicity                           | Not available                                                |
| Carcinogenicity                                  | Not available                                                |
| Toxicity to reproduction                         | Not available                                                |
| Specific target organ toxicity - single exposure | Not available                                                |

Specific target organ toxicity - repeated exposure Not available

Aspiration hazard Not available

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1 Ecotoxicity

Not available

### 12.2 Persistence and degradability

It is expected that the product does not persist and is quickly degradable.

### 12.3 Bioaccumulative potential

Unavailable.

#### Carbomer

Partition coefficient n-octanol /water (log Kow): 0.27 to 20 °C.

#### Morpholine

Bioconcentration factor (BCF): < 2.8 .

Partition coefficient n-octanol /water (log Kow): -2.55 to 25 °C.

### 12.4 Mobility in soil

Not available

### 12.5 Other adverse effects

Not available

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

Product Not available

Rest of the product Not available

Used packaging Not available

## SECTION 14: TRANSPORT INFORMATION

#### Ground transportation

UN - "United Nations"Recommendations on the TRANSPORT OF DANGEROUS GOODS. Model Regulations

#### Maritime transport

Rules of maritime authority (NORMAM). NORMAM 01/DPC: vessels employed in open sea navigation. NORMAM 02/DPC: vessels employed in interior navigation. IMO - "International Maritime Organization". International Maritime Dangerous Goods Code (IMDG Code).

#### Air transport

SUPPLEMENTARY INSTRUCTION - IS. ICAO \"International Civil Aviation Organization\" - Doc 9284-NA / 905. IATA - \"International Air Transport Association\". Dangerous Goods Regulation (DGR).

#### UN number

Product not classified as hazardous for transport.

## SECTION 15: REGULATORY INFORMATION

N/A

## SECTION 16: OTHER INFORMATION

## Other information

This SDS has been prepared on the basis of current knowledge on the proper handling of the product and under normal conditions of use, according to the application specified on the package. Any other use of the product that involves its combination with other materials, in addition to forms of use other than those indicated, are the responsibility of the user. It is advised that the handling of any chemical substance requires prior knowledge of its hazards by the user. At the workplace, the company that uses the product should promote the training of its employees regarding the possible risks arising from exposure to the chemical.
